The regulations also replace “homeware, building supplies and hardware stores” with “building merchants and suppliers of products and tools used in building work and repairs” to ensure retailers selling homeware items, which in many cases would be considered non-essential, are prohibited from opening in Level 4. Click and collect services will remain available.

The Regulations prohibit home showroom premises from opening, such as kitchen, bathroom, furniture or glazing showrooms. Some retail services are also prohibited in Level 4 areas, these services are tanning salons, or premises which operate a self-tanning machine or spray-tan booths and travel agencies.

These Regulations also reduce the number of people who can meet for social purposes in Level 4. The limit is now 2 people from 2 households, rather than 6 people from 2 households. Existing socialisation rules still apply for those under 12 and the limit for 12-17 year olds has been reduced to 2 people from 2 households. These Regulations adjust the rules on organised outdoor activity for under 18s and for outdoor exercise in Level 4 to prohibit those aged 12 and over from undertaking such activities unless the general social gathering limit is followed.”
29. The Delegated Powers and Law Reform ('DPLR') Committee considered SSI 2021/1 at its meeting on 12 January 2021. It had the following points to raise in its report published on [13 January 2021](#)—

” The purpose of the instrument is to make amendments to the Health Protection (Coronavirus) (Restrictions and Requirements) (Local Levels) (Scotland) Regulations.

This instrument implements further restrictions to SSI 2020/344, which supplements the restrictions set out in SSI 452, laid on 21 December, which moved mainland Scotland, and the Isle of Skye into Level 4 restrictions and the remaining islands to Level 3 restrictions. These further restrictions require those residing in a Level 4 area to “stay at home”, other than for essential purposes. Examples of such essential purposes are provided for in paragraph 18 of schedule 5 of the Regulations.

The Committee wrote to the Scottish Government on 8 January 2021 with questions on the instrument.

In its response, the Scottish Government agreed that:

- the condition contained in paragraph (8) of regulation 4 should also apply where a relevant person is exercising the power in paragraph (7A) of that regulation so a cross-reference should have been made in paragraph (8) to paragraph (7A);
- the reference to the omitted paragraph 12(1)(b) in paragraph 18(2)(cc) is a cross-referencing error; and
- the reference to the omitted paragraph 13(1)(b)(i) in paragraph 12(2)(ff) is a cross-referencing error. The Scottish Government confirmed that amendments for each of these crossreferencing errors would be brought forward in early course.

A copy of the correspondence can be found in the [Annex](#).

The Committee agrees to draw this instrument to the attention of the Parliament under the general reporting ground on the basis that there are cross-referencing errors.

The Committee welcomes the Scottish Government's commitment to undertake to bring forward amending regulations."

34. The [policy note](#) states that—

”These Regulations amend the Health Protection (Coronavirus) (Restrictions and Requirements) (Local Levels) (Scotland) Regulations 2020 to prohibit places of worship from opening for most purposes. These Regulations reduce the number of people who are able to attend a marriage ceremony or civil partnership registration and also prohibit funeral teas or wakes from taking place in Level 4 areas (whilst still allowing for commemorative events). These Regulations require snow sports centres, showrooms within larger retailers, independent clinics, independent hospitals and independent medical agencies in relation to certain procedures or treatments to close in Level 4 areas.
